Attorney Docket Number: PENN-0786
Title: METHODS FOR IMMUNO-

MOLECULES AND FOR DETECTION OF
INTERACTIONS OF MOLECULES VIA
FLUORESCENT DYES

DECISION ON PETITION UNDER
37 C.F.R. §1.137(b)

This is a decision on the petition under 37 CFR §1.137(b)¹, filed August 11, 2005, to revive the above-identified application.

The above-identified application became abandoned for failure to reply within the meaning of 37 CFR §1.112 in a timely manner to the non-final Office action mailed August 20, 2003, which set a shortened statutory period for reply of 3 months. On November 5, 2003 a response was received. A notice of informal or non-responsive amendment was mailed on December 12, 2003. No further response was received, and no extensions of time were requested. As such, the above-identified application became abandoned on November 21, 2005. A notice of abandonment was mailed on September 23, 2004.

With the present petition, Petitioner has submitted the petition fee, an amendment, and proper statement of unintentional delay.

¹ A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

- (1) The reply required to the outstanding Office action or notice, unless previously filed;
- (2) The petition fee as set forth in § 1.17(m);
- (3) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional, and;
- (4) Any terminal disclaimer (and fee as set forth in § 1.20(d)) required pursuant to paragraph (d) of this section.

Petitioner has met all requirements for a grantable petition under 37 C.F.R. §1.137(b). As such, the petition is **GRANTED**.

After the mailing of this decision, the application will be forwarded to Technology Center 1600 for further processing.

Telephone inquiries regarding *this decision* should be directed to the undersigned at (571) 272-3225. All other inquiries concerning examination procedures or status of the application should be directed to the Technology Center.

It is noted that the address listed on the petition differs from the address of record. The application file does not indicate a change of correspondence address has been filed in this case, although the address given on the petition differs from the address of record. If petitioner desires to receive future correspondence regarding this application, the change of correspondence address must be submitted. A courtesy copy of this decision will be mailed to petitioner. However, all future correspondence will be directed to the address of record until such time as appropriate instructions are received to the contrary. Petitioner will not receive future correspondence unless a Change of Correspondence Address Form (PTO/SB/122) is submitted for the above-identified application. A blank Change of Correspondence Address Form (PTO/SB/122) may be found at <http://www.uspto.gov/web/forms/sb0122.pdf>.

It is not apparent whether the person signing the statement of unintentional delay was in a position to have firsthand or direct knowledge of the facts and circumstances of the delay at issue. Nevertheless, such statement is being treated as having been made as the result of a reasonable inquiry into the facts and circumstances of such delay². In the event that such an inquiry has not been made, petitioner must make such an inquiry. If such inquiry results in the discovery that the delay in paying the maintenance fee under 37 CFR 1.137(b) was intentional, petitioner must notify the Office.
